U.S. Bancorp | BTIG to Host Turn Therapeutics for Virtual Fireside Chat

October 21, 2026

WESTLAKE VILLAGE, Calif.--(BUSINESS WIRE)--Oct. 21, 2026-- Turn Therapeutics Inc. (Nasdaq: TTRX), a clinical-stage biotechnology company developing targeted, non-systemic therapies for inflammatory skin diseases, today announced that Bradley Burnam, Chief Executive Officer, and Stephen M. Hahn, M.D., Executive Clinical and Regulatory Lead, will join in a U.S. Bancorp | BTIG virtual fireside chat as follows:

Date: Wednesday, October 28, 2026
Time: 10:00 AM ET

The fireside chat, "Building a Program for Patient Access in Atopic Dermatitis," will focus on the company's strategy for developing GX-03, its lead investigational therapy, in line with its mission to increase access to effective medicines for high-need populations.

This event is open to U.S. Bancorp | BTIG institutional clients. Interested investors should contact their BTIG sales representative to attend.

About Turn Therapeutics

Turn Therapeutics Inc. is a clinical-stage biotechnology company developing targeted, non-systemic therapies designed to act directly at the site of disease. The Company's lead therapeutic candidate, GX-03, is being evaluated in atopic dermatitis and is also being developed for onychomycosis. Turn's research focuses on the intersection of microbial activity, local immune signaling and chronic inflammation.
